

Legally Brief-FACT SHEET:

ICADV's Legal Services Expansion

ICADV's Satellite Attorney Project (SAP) is NOW able to assist survivors in their housing related legal issues in THREE ways:

- **Make a referral to ICADV's Satellite Attorney Project** if you are working with a survivor who is facing a pending legal housing issue. This works best in cases of pending evictions, threats from landlords and relief that is not being recognized. Help us provide those survivors with an attorney.
- **Participate in ICADV's Monthly Legal Housing Clinic, held virtually the first Friday of every month from 1pm to 3pm Indy time beginning February 3rd, 2023.** This is a clinic intended to assist survivors with expunging (or sealing) previous evictions when possible to make housing options more accessible to them. Join here!

- **Call ICADV's Legal Housing Hotline at (317) 762-5115.** This is a perfect resource for quick questions, triage and frequently asked question about housing laws and DV.
